Let us know if you are interested and ask any questions you may have by contacting Pastor David Hanson (pastor@come2peace.com / 612-210-3017), Mark Nissen (youth@come2peace.com / 320-583-2866), or Sandy Fleischman (office@come2peace.com / 952-955-3434).

Mission of the Peace Summer Intern Program

Peace's mission statement is "Sharing God's Love by Serving Our Community and Our World!" with the goal of building up people's faith in Jesus through our church's ministry and outreach. Part of that goal is accomplished through an internship program giving the intern the space and grace to learn from an experienced mentor in a vital congregation. With a focus on biblical truth, the intern is invited to grow spiritually, mentally, and professionally through this internship program.

Focuses of Internship

Internship areas of focus are primarily in Children's Ministry and Youth Ministry, although it can be tailored to explore a variety of areas of ministry.

Internships will include a variety of experiences that are comfortable and some that are challenging for the intern. There will be one (or a few) primary focuses and a primary mentor for each intern. Interns will spend a significant amount of time and energy in their focused area but will also be involved in several other areas across Peace's ministries. Everyone is a servant at Peace.

The pastors move tables and take out the trash if needed and some staff teach and preach if needed. Ministry is service, and there will be plenty of opportunities to serve while on this internship. That said, the main purpose of having interns is not to do our less glamorous jobs. We are wanting to replicate ourselves – to multiply.

Ideal Candidates for the Peace Summer Intern Program

Peace is open to hosting up to three interns each summer. We are looking for candidates who are discerning a vocation in ministry and are interested in pursuing a call to serve in the church. Some interns may have finished college, and some may be in college. We ask that interns are two years post-high school when applying. The ideal candidate is necessarily a growing disciple, engaged with God's Word and daily, open to the ministry of the Holy Spirit, and respectful. The following would be helpful character traits: curiosity, humor, open to growth, and willing to work hard. The candidate is excited to jump into a new community and learn from a new ministry setting.

Particulars

Interns should expect to work, on average, 40 hours a week. One goal of this internship is to experience a ministry schedule and church life schedule. You should expect to participate fully as an intern, and actively engage in our congregational community. Some of your time spent participating in Peace's events and community opportunities will not count as "work" hours but will be important opportunities to grow in your Christian discipleship, such as participating in worship.

Expect to meet with your primary mentor at least twice a week: intern briefing and intern debriefing. There may be more shadowing of your mentor especially at the beginning of the internship. During the first week, interns will meet to go through expectations and development of what the community culture will look like.

Provisions

We will provide space and grace for you to be equipped and to be mentored by an experienced mentor.

We will provide local housing if you do not have a home to stay for the summer.

We will work with you on daily scheduling, but our expectation is that the internship is the priority.

The intern stipend for a full summer internship is \$3,000.
